

75th BATAAN DEATH MARCH

The following names are from the POW list that identified Colorado as their state. (309 total). They may not have lived in Colorado but registered for service in Colorado. Note not all persons on this list were in the military. There are some civilians. This list identifies the name of the person; their serial number; their Army, Air Corp, Navy, etc.; their unit; the prison camp they were in; and their date of death (if they died while a prisoner). There are many blank spaces where there is no data. In most cases there is no identification of the cause of death, but it should be noted that of these 309 persons, 109 died at the hands of the Japanese. Thank you Mr. Francone for sharing this with us.

If you know a veteran or the descendant of a veteran who was in the Philippines between December 1941 and December 1946 investigate the criteria as described on the web site FILVETREP. The site emphasizes recognizing the contribution of Filipinos during WWII. The Gold Medal is a delayed offering of thanks. But American military and civilians who meet the place and date criteria are also eligible and should pursue this for their family. If further information is needed please notify Foothills Society who will then pass on the information to Mr. Francone who will be able to assist.

For more in depth information check: <https://www.filvetrep.org/>
